

Mitas strengthens Off-Road legacy at 2025 Rally dos Sertões by sponsoring two Big Trail riders

- **Mitas joins the 33rd Rally dos Sertões with two skilled riders ready to take on the challenge**
- **Riders will rely on Mitas ENDURO TRAIL-XT+ tires and Mitas MOUSSE for superior performance across rugged off-road terrain**

Mitas is proud to announce its official entry into the 33rd Rally dos Sertões — the largest off-road rally in the Americas — running from July 26 to August 3, 2025. The 2025 edition features approximately 2,800 participants from 20 countries, offering fierce competition across motorcycles, cars, trucks, quads, and UTVs. In a strong show of support for adventure riding, Mitas will sponsor two elite big trail competitors: Tiago Fantozzi and Adriano Galante. As these athletes embark on one of the most grueling off-road rallies in the world, Mitas is honored to supply them with race proven products — the robust ENDURO TRAIL XT+ and Mitas MOUSSE.

Timed category debut for Fantozzi

After missing the event for two years, Brazilian rally veteran Tiago Fantozzi returns to Sertões, this time competing in the timed big trail bike category with a BMW F 900 GS Pro. A former Moto Champion and seven time top 3 finisher at Sertões, Fantozzi brings unmatched experience to the event.

Galante tackles Sertões with Ducati DesertX

Adriano Galante, an off-road specialist with over 35 years of global racing experience and current 10 Hour Endurance Race champion, will compete on the Ducati DesertX. His attendance highlights Galante's enduring pursuit of ultimate off-road challenges.

Proven tire performance: Mitas ENDURO TRAIL-XT+

Both riders will be equipped with Mitas ENDURO TRAIL XT+ tires, delivering excellent grip on soft, muddy, and rocky terrain while maintaining road worthy stability (up to 20% on road).
